#### Care

Use Saddlesoap, blot on, gently brush, Wipe off all soaps suds. Allow gloves to air dry.

### TECHNICAL INFORMATION

#### Leather Palm Gunn Cut

Gunn-cuts are more durable due to the nature of their construction. The seams around the fingers are on the back side of the hand which removes them from the primary wear area. In addition, the leather on the front of the fingers extends two thirds of the way around each finger increasing the protection and the wear of the glove.
